

stak

by store®

The STAK range is a super strong, fully adjustable, modular shelving system that is perfect for use in the kitchen, garage, office, bathroom or kid's room.

Each shelf holds up to 200kgs. The range is available in kit form, completed units or component form so you can design your own complete shelving system. The endless combinations will enable you to maximise space, while the versatility allows you to adapt the shelving system to changing organisational needs.

Beware of cheap imitations! STAK is made from 25mm commercial grade tubular steel and is triple coated for a lasting finish. Choose from two finishes, chrome or black, to co-ordinate with your décor.

STAK is versatile! It can be easily disassembled when it is time to move, making it a great storage and organisation option for rentals as well as home owners.

STAK's simple clean design means that it will not go out of fashion and is easy to maintain. If it is a storage statement you are after choose black, or if you want something a little softer try our tough triple coated chrome as it will suit any room in the house.

STAK shelving comes with a 15 year structural guarantee.

So Design Away!

Product range

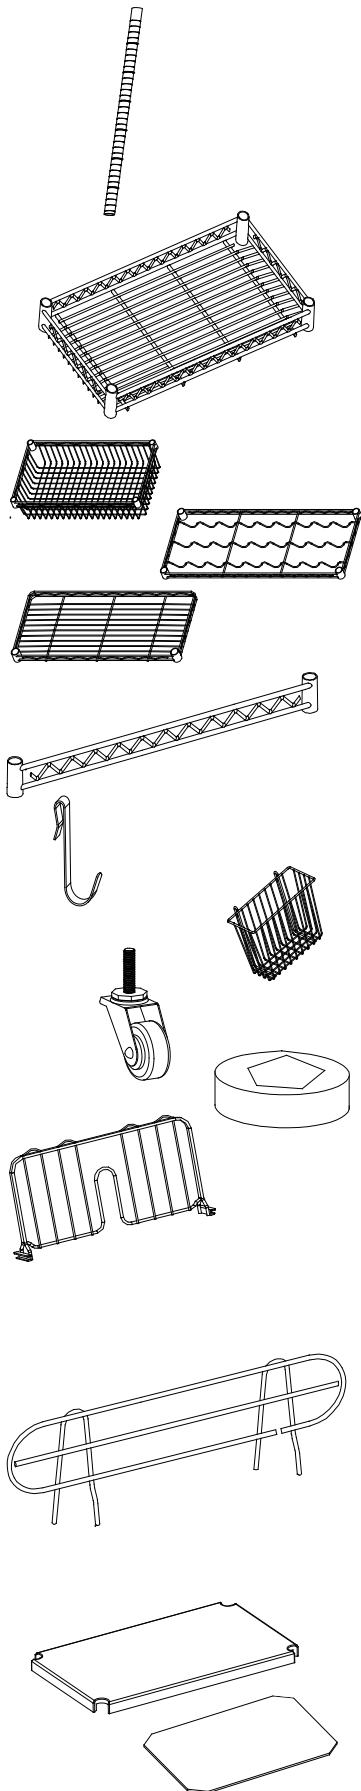

- 3 post heights - 865mm, 1600mm and 1880mm.
- 3 shelf widths - 609mm, 915mm and 1219mm.
- 2 shelf depths - 355mm and 457mm.
- 2 colours - Chrome and Black.

Plus there is a huge range of accessories including rails, casters, baskets, wine shelves, hooks and dividers for you to choose from at STORE.

Assembly is as easy as 1, 2, 3!

- 1** The posts have grooves at 25mm intervals. Each shelf comes with 4 plastic sleeves. The plastic split sleeves have ridges that fit into the grooves on the post. Choose the desired height of the bottom shelf and snap the pair of sleeves onto the posts at the desired height. Repeat this process for each post.
- 2** Slide the shelf over the post until the sleeve shelf sits securely over the sleeves.
- 3** Tap the shelf down in each corner for a snug fit. Repeat this process for each shelf.

Should you require assistance with assembly, please see a STORE team member or call Aussemble on 1300 799 289.

	Dimensions	Finish	Price	Code	Qty	Total \$
